

Specialty Chemicals for

Operational Excellence Through Mobility Protection

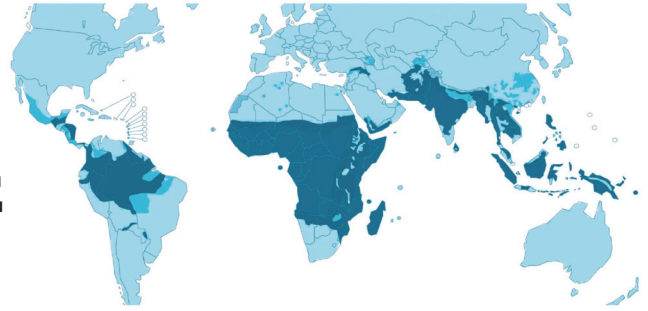

PERSONNEL & FACILITY HEALTH PROTECTION

The Choice of an efficient protection against vector-borne diseases

Areas affected by Malaria WHO 2011

Countries or area of malaria transmission

Countries or area of limited malaria transmission

Skin2P Body

New safe insect repellent for skin

Keeping your airline crew safe from vector-borne diseases such as Dengue Fever, Zika, Malaria, Chikungunya, Leishmaniasis. Skin2P Body insect repellent provides long lasting protection and is safe to use on skin.

Screen2P Wear

Insect Repellent Spray for Clothing

Insecticide for clothes impregnation for an optimum protection against mosquito bites. Screen2P Wear can be applied on all types of fabrics and maintains its efficacy up to 5 washes in accordance with ISO 6330 & ISO 14797.

OUTBREAK SOLUTIONS

NovoGel

Antibacterial Hand Gel

Kills 99.99% of germs fat. NovoGel contains Aloe Vera skin moisturisers, is pH balanced and protects the skin from dryness and irritation. Complies with the WHO and CDC for infection control.

NovoRub

Alcohol based Hand Rub

An alcohol-based hand sanitiser. Kills up to 99.9 % bacteria and other germs that causes illness. Dries quickly and does not require rinsing with water. It containing 80 % v/v alcohol formulated in accordance with WHO Guidelines.

Ki-ose 320 Wipes

Communication Systems Cleaner & Disinfectant

Kills 99.99% of harmful bacteria, viruses and fungi. Suitable for most communication Systems, telephones, headphones, oxygen masks and compatible with all computer and technical equipment. Aircraft approved.

Ki-ose 395 Canister

Surface cleaner & Disinfectant Wipe for all hard surfaces

Kills 99.99% of most harmful bacteria. It will not harm or damage fabrics, plastic, metals, rubber or other surfaces. Safe for food contact. Ready to use. It conforms to European Norms EN Standards. Aircraft approved.

Netbiokem DSAM+ Disinfectant Cleaner

Kills SARS-CoV-2 (COVID-19) virus in 2 minutes. It kills 99.99% of most harmful bacteria, fungi, mycobacteria and viruses. It is a water based disinfectant cleaner. It does not harm or damage fabrics, plastic, metals, rubber or other surfaces.

Ki-ose 350 Fogging Disinfectant Cleaner

Kills SARS-CoV-2 (COVID-19) virus in 5 minutes. It does not harm or damage fabrics, plastic, metals, rubber or other surfaces. Conforms to Virucidal Effectiveness European Standard EN 14476. Non-flammable & non-toxic formulation.

MEDICAL INSTRUMENT & EQUIPMENT CLEANER

SteriClean

Can be used in Ultrasonic & Manual cleaning of surgical instruments prior to disinfecting or sterilisation procedures. Concentrated blend with neutral pH- safe for use on most instruments and devices. Contains no ammonia or phosphates. Acts quickly on blood & other protein-based soils. Complies with AS/NZS4187 and AS/NZS4815. Biodegradable surfactant system with recyclable packaging. Non-toxic, non-abrasive, low foaming, free rinsing.

AIRCRAFT DISINSECTION DURING INTERNATIONAL BORDER TRANSIT

Pre-Spray

Biosecurity border compliance, safe personnel cabin transport mosquito insecticide

- Boeing D6-7127 and AMS 1450A
- NATO Stock Number: 6840-66-133-0081
- US Military NSN: 6840-01-675-2534
- CAGE Code: Z5104

1-Shot

Biosecurity border compliance cargo hold mosquito and insect insecticide

- Boeing D6-7127 and AMS 1450A
- NATO Stock Number: 6840-66-131-2263
- CAGE Code: Z5104

Aerosafe

Prior to disembarkation insecticide for Cabin

- Boeing D6-7127 and AMS 1450A
- NATO Stock Number: 6840-66-097-6309
- CAGE Code: Z5104

Effectively kills mosquitoes and other flying or crawling insects. It is also effective against a range of agricultural pests, which present a biosecurity risk. Aircraft approved insecticide for use inside aircraft prior to embarkation. To help prevent the spread of mosquito borne diseases, such as Dengue Fever, Yellow Fever, Malaria, Chikungunya and Zika. Complies with WHO, US Military, NATO, Boeing & Ministries of Health & Agriculture globally.

ENGINEERING MANUFACTURE

CalCheck VP-2W

Visible Penetrant

- Water washable; easy to remove
- Brings flaws into sharper, clearer focus with more intense colour
- Performs more reliably over a greater range of temperatures. Meets stringent low sulfur and chloride requirements

CalCheck F-MAG

Fluorescent Magnetic Particle

- Low background colour for assured indication visibility
- Water dispersion is non-flammable
- Particles are easily agitated, producing defined indications

Metal Working Fluid series

Our synthetic SYN series are based on our unique polymer technology that provide excellent & consistent machining performance. A stable emulsion, with less drag out & lower top-up rates. Free from microbial growth, no foul smell, Excellent intermediate corrosion protection & long sump life.

Welding range of products

Our comprehensive range of products covers anti-spatter, welding torch coolants and weld cleaning fluids. We have a specifically designed range of Stainless Steel products covering pickling solutions and paste, neutralising, passivation and brightener spray for Stainless Steel.

FUEL QUALITY MANAGEMENT

ROX® 7500 DFS

Diesel Fuel Stabiliser

- Prevents fuel degradation in storage for up to 12 months
- Prevents the growth of micro-organisms within stored fuel
- Reduces power loss in engines
- Prevents fuel system corrosion, gum & sediment formation

ROX® 9300C

Premium Diesel Additive

- Reduce engine noise and vibrations, increase power & diesel engine performance
- Increase cetane, 5-8% fuel saving
- Reduces engine wear
- Reduces particulate matter & NOx emissions. Enhanced fuel stability

ROX® MF 5900

Asphaltene Dispersant

- Dissolves existing sludge & prevents formation of new sludge
- Adds lubricity, required for low sulphur fuels, reducing friction and wear on engine components
- Cleans & keeps clean engine components. Reduces particulate emissions

ROX® Diesel Anti-Freeze

Pour Point Depressant

- Lowers the diesel operating temperature to a maximum of -30°C
- Lowers cold filter-plugging point (CFPP) by up to 25°C. Safe for use in all diesel fuels, including biodiesel. Alcohol free
- Prevents wax settling during storage

ROX® Pro Engine Flush

Removes Engine Sludge

- Reduces fresh oil contaminants
- Frees sticky valves and hydraulic lifters
- Will not harm oil seals or gaskets
- Cleans the engine internally
- Frees piston rings and restores engine compression

MAINTENANCE SECTOR

Citra-Safe® Biodegradable Cleaning Solvent

- Produced from all natural, non petroleum distillates.
- Removes tough grease, oils and tars from metals and painted surfaces.
- Low evaporation rate allows for a greater coverage rates on application

CH9004 Enviro Paint Remover

- Contains safe biodegradable solvents and detergents
- Lifts and removes both the top coat and the primer in one step leaving the surface very clean
- Gel technology allows a long dwell time without evaporation even in hot climates

CH087 Aircraft Exterior Cleaner

- Heavy Duty Biodegradable, Alkaline water based cleaner
- Designed to give optimum brightness, cleaning & degreasing of all painted & unpainted surfaces and components
- Non-streaking, non-flammable, non-staining, non-crazing to plexiglass

TOILET SYSTEMS CLEANER

Blue Lagoon Water Toilet Deodorant Sachets

- Single use biodegradable sachets, convenient and ready to use
- Permanent air freshener, slow-release fragrance over time
- Suitable for re-circulating or vacuum toilet systems

Bio-Clean 360 Concentrate Toilet Deodoriser

- For both re-circulating & vacuum toilet systems
- Detergent, deodorant and cleaner.
- Fast acting, Long lasting, Air Freshener & Low foaming during flush.
- Breakdown & kill the pathogens in the toilet waste system for up to 72 hours

AC80SL Tank & Pipe Cleaner

- Safe to use on epoxy coatings & most metals
- Non-toxic and biodegradable
- Excellent for removing vegetable, animal, mineral oils and greases
- Contains no phenolics, chlorinated solvents or heavy metal salts

Unblock-S Toilet System Pipe Descaler

- Used for unblocking of all types of sanitary systems.
- Acetic acid or Sulphamic acid based formulas.
- Quick and easy - pour directly into affected areas. Fast acting formulation. Descales quickly and safely. Conforms to AMS 1640B

85+ Years of combined experience as chemical manufacturers

200+ Airline Customers

90+ Countries serviced

10+ Countries with sales offices

Callington takes pride in providing world class cleaning, disinfection, hygiene and personal care products under the Make in India initiative.

Callington has been a speciality chemical supplier for over 50 years and has been supplying to the global aviation market for nearly 40 years. Callington Group Company, including PSA France, offer leadership in cleaning, disinfection, hygiene and personal care. Callington operates globally across six continents and our products are provided to customers in over 60 countries.
